

STRATA INSURANCE AT A GLANCE

What is Strata Insurance?

If you own a townhouse, unit, or apartment, and your sharing common space with others, you don't want to be left to foot the bill if there's damage to shared parts of the building or items..

Strata insurance protects the building and common areas or facilities, with the premiums paid for by the owner's corporation.

Who should consider it?

Strata insurance is a compulsory in every state - so if you're part of an owners' corporation in a townhouse, unit, flat, apartment or duplex, the owner's corporation will need strata insurance.

An insurance broker can arrange strata insurance on behalf of the owners' corporation.

“As a strata owner, you also have a share of an unlimited liability for anything that goes wrong, which is why strata insurance is compulsory in every state and territory.”

Case Study

Ken owned a studio apartment on the fifth floor of an inner-city apartment block. One day the lift broke down because a fire occurred in the fuse box.

Fortunately, Ken and the other members of the strata committee had taken out strata insurance, which was managed by an insurance broker.

The repairs were carried out and the cost was covered by their policy, which meant that none of the strata members were out of pocket as a result.
